To: Students in Years 7 to 10

Headteacher: Phil Midworth

Date: 20th April 2020

Dear Student

We realise that learning at home is not the same as learning in school! It is really important that what we are asking you to do doesn't affect your health and wellbeing.

You can choose what you do and when and how you want to do some of the challenges. Can you complete the 300 point challenge?! In addition to this, English, Maths and Science have provided their own work to help you revisit key knowledge and skills. All the online resources that you may have been using before are still available.

We don't want you to feel stressed at this time, so the nature of these tasks is more free flowing and so you can do them when you are feeling ready to learn. This is a real opportunity for you to get to know yourselves and choose things that you find interesting or something that sparks your curiosity!

Some hints to help –

1. If you want to speak to teachers, then please email them. Email addresses are their name with a dot followed by dlc.dorset.sch.uk (for example p.midworth@dlc.dorset.sch.uk, m.farnham@dlc.dorset.sch.uk or j.fletcher@dlc.dorset.sch.uk).
2. Try to choose some work you want to do each day. If you already have a routine that is working, then this work can simply become part of that routine.
3. If you are doing something different, still let us know!

We are missing you dreadfully, but most importantly we hope that you are keeping safe and well. We are always here for you and available as and when needed.

Yours faithfully

All the DLC Team
